

**ADJUSTABLE**  
**PRESSOCO KETTLE 304 STAINLESS**  
**STEEL POUR OVER 600ML**  
**USER MANUAL**

- Gooseneck design for precise and stable water flow control
- Gentle and consistent pouring rate for pour-over brewing
- Compatible with a thermometer for temperature monitoring
- Safe stainless steel material for hot water use
- Elegant and classic design with up to 600 ml capacity

A. Lid

B. Stainless steel kettle body

C. Gooseneck spout

D. Black ebony wood handle

## HOW TO USE

**Step 1:** Open the Pressoco kettle and fill it with clean water, do not fill the kettle completely.

**Step 2:** Place the Pressoco kettle on a stove and heat the water. Do not use on induction cooktops.

**Step 3:** Remove the kettle from the heat once the water reaches the desired temperature.

**Step 4:** Hold the kettle by the wooden handle with a relaxed wrist.

**Step 5:** Slowly pour water through the gooseneck spout in small circular motions for pour-over brewing.

# Caution

- Use the kettle only for heating and pouring water.
- Do not use on induction cooktops.
- Do not heat the kettle when empty.
- Do not overfill the kettle to avoid spilling when boiling.
- Do not use excessive flame that may reach the kettle body or wooden handle.
- Do not expose the wooden handle directly to fire.
- Always remove the kettle from the stove before pouring.
- Handle hot water carefully; do not touch the kettle body while heating or immediately after use.
- Allow the kettle to cool completely before cleaning.
- Do not use a dishwasher, abrasive cleaners, or hard tools.
- Keep out of reach of children without supervision.
- Stop using the kettle if it is dented, leaking, or damaged.
